

Doors for Every Opening

Whether it's Craftsman or Contemporary, Prairie or Bungalow, we have a door for you.

The Model T – our very best – gives, dealers, homeowners, homebuilders and architects all of the options. It is extremely customizable and comes in Paint or Stain Grades.

The Plantation Series was created with survival in extreme climates as its main focus. You, along the Sunbelt – there is now a door available! It is also made in Paint or Stain Grades and does very well in all climates.

And for the best in garage door openers, count on **LiftMaster**, setting the standard in quality and performance. All LiftMaster garage door openers are manufactured with the highest level of safety and monitoring systems to ensure safe operation.

With a full line of LiftMaster garage door opener accessories homeowners can create the system that matches their lifestyle.
