

The Plantation Series

Beautiful... And Affordable

The Plantation Series carriage style line of garage doors is available in most sizes and can be customized to meet the design requirements of architects, home builders and homeowners. Its unique and proprietary construction makes it an excellent choice for use in all climates. Design options include paint or stain grades, raised or recessed panels, and custom glazing. At Garage Doors, Incorporated we realize the importance of curb appeal. The garage door can occupy over one third of a home's curb view, and the Plantation Series offers a very affordable addition to our highly customizable carriage style garage doors.
