

# The Plantation Series

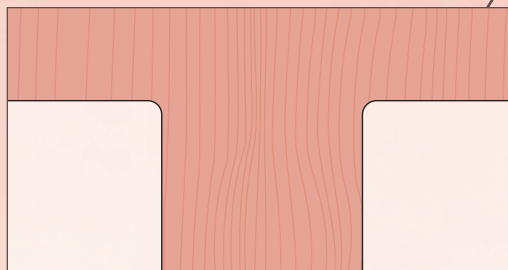

The Ultimate in Weather Protection

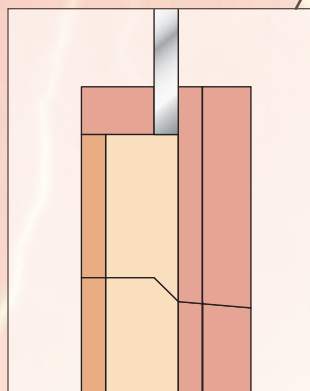

The Monterey R/P

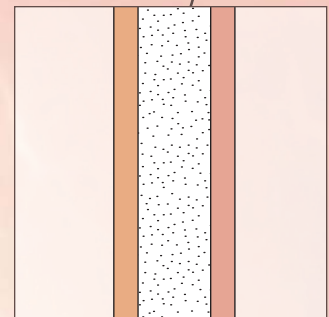

The Plantation Series carriage style garage door provides the best weather protection available in a custom wood door. Its unique and proprietary construction makes it an excellent choice for use in all climates. In addition to the features highlighted below, we construct each door using over-sized hemlock fir rails and stiles, double-wide end stiles, deep plow tongue and groove interlocking joinery, and marine grade glue. Design options include paint or stain grades, raised or recessed panels, and custom glazing, and our CAD design and approval process ensures you get exactly the door you want. And on top of the excellent quality, the Plantation Series is a very affordable addition to our highly customizable carriage style garage doors.

Marine grade mahogany trim and face, with trim machined from a single piece of plywood for incredible durability.

Ship-lap style weatherlock at section breaks keeps moisture out.

Three-layer construction with rigid foam insulation gives the finished door an R-10±.

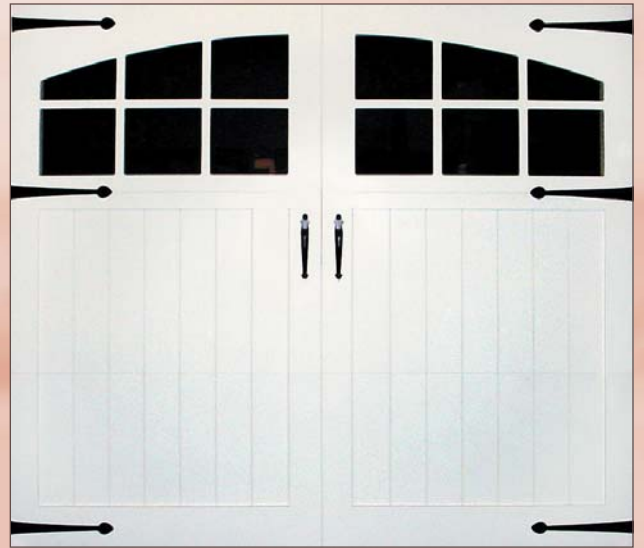

# The Plantation Series beautiful... and affordable

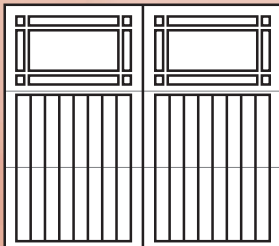

Garage Doors, Incorporated is an industry leader in custom wood garage door production. We feel that we produce doors better than the rest, and we are confident you will agree once acquainted with our unique door styles. For further details on the Plantation Series, please contact us by phone, fax or email and we will send a complimentary catalog including a compact disk containing dozens of designs. We have sales representatives throughout the state of California and dealers in many areas of the country, and we will customize the installation process to your complete satisfaction.
